

MEMORANDUM

A.2
11/16/92

MICHIGAN
DEPARTMENT
OF PUBLIC
HEALTH

DATE: November 16, 1992

TO: Mary Beth Novy, U.S. EPA

FROM: *BTB*
Brendan Boyle, MDPH

US EPA RECORDS CENTER REGION 5

472131

SUBJECT: Amberton Village Subdivision Well Monitoring

We have checked with our Michigan Department of Public Health, Water Supply Division Office and find that they cannot easily provide a print-out of the data for the last round of organic chemical analysis for the Amberton Village Subdivision well #1. They could, however, give us the results in the form of the letter with which they reported the results to the Parma Township Supervisor in 1991. I am forwarding a copy of the letter to you, along with a print-out and letter for the inorganic analysis for the same sampling round which was conducted June 6, 1991. We were told that the well is tested bi-annually and the next round is tentatively scheduled for next Spring.

I hope this information is helpful to you. If we can be of further assistance please call.

cc: John Hesse
